KEY ● Standard ○ Optional – Not available Every model supports analogue and digital mixed mode, ARC4 / DES / AES encryption, text messaging, and remote radio check, disable and enable.

¹ **Model numbers ending in 0 have a display; ending in 5 is the same radio without one.** The DP580 and DP585, DP680 and DP685, and DP810 and DP815 are otherwise identical. Specify the 5 for crews who only need to press and talk.

² **Tier III trunking is a \$100 option** on the models marked, over and above the price shown. Tier II covers conventional and repeater working; Tier III adds trunking.

Prices are ex GST; inc-GST figures are calculated at 15%. Current 18 September 2026 and subject to change. Specifications are Kirisun's, from the 2025 DMR Products & Solutions Catalogue, and are subject to change without notice.
